Schools***

Scholarship Information

Within the Board of Directors of PAISBOA, as we review the challenges and achievement of activities of the membership, we take pride in recognizing that our organization has helped to ease the burden of Business Managers of Independent Schools as we work together on many initiatives.

But we also recognize that success has been achieved only through the hard work of a relatively few individuals. The reality is that, like so many groups, 80% of the work is done by 20% of the membership.

To reinforce our commitment to professional development and motivate greater participation in helping develop and support new initiatives, the Board has now authorized a Scholarship incentive to those members who choose to take advantage of the Johns Hopkins University Graduate Certificate Program.

The Johns Hopkins program is a unique opportunity for Business Managers to develop their skills to become more effective in meeting the daily challenges of their job.

PAISBOA is pleased to offer a **\$2500** scholarship to members in good standing who qualify and apply to the Johns Hopkins Certificate Program.

In applying for a scholarship, we would like you to address the concept that, while you are in the Certificate Program, you would spend some time in the exploration of an idea that could have potential application as a new activity or as an initiative of PAISBOA that will benefit all of our members.

Conceptually, Johns Hopkins has approved the integration of this type of project into their curriculum.

Application Process

If you have an idea that you believe could benefit PAISBOA and that you would like to pursue as a part of your Certification Program, please complete the application form on the reverse side and return it to:

Al Greenough, Executive Director
